6:00pm

WORKING SESSION

Minutes approval, Mail Review
Building Permit Applications
Inspection Reports

NEW TOPICS:

- Update on The International Golf Club on LIV Tour Event at 159 Ballville Road and ask for Board of Health feedback.
- Kelly Cardoza updates the Board of their proposal. There is a proposal for a 3 day golf tournament over Labor Day 2022 at The International. The event qualifies as a special event under the zoning bylaw. The requirement is notice to the Select Board, with notice to Board in town, one being the Board of Health.
- There will be a daily max cap of 6,500 people, including spectators and staff.
- The treatment plant has an approved 22,549 gallon per day discharge. The only connection to the treatment plant is from the existing structures. The water will come hydration stations around the course. There will be 5 locations with portable restrooms through out the location.
- Mike Gogin with LIV Group speaks about his conversations with Nashoba Associated Boards of Health. They will work with regional and national vendors to take care of removing waste, bringing in water as not to strain the Bolton town resources. Mike has been speaking with NABH about the catering for the event as well.
- Chris Slade states that NABH will handle the catering and to continue to work with them for the event. Chris asks about Harvey being their trash vendor. Mike states that EL Harvey will handle the solid waste on a local level and they will work with national vendors when needed.
- Midnight - 5am is a no work time frame for them.
- Chris Slade asks about the restrooms and if they have chosen a vendor? Mike indicates that United Site Services will be providing those services. They will also provide hand washing stations. Chris asks Bill if he is familiar with that vendor. Bill states NABH is licensed with them.
- Chris asks Bill if he need any other information? Bill says it may be good to send a list of vendors to the BOH so it's all on file. Bill states that have discussed that DEP has jurisdiction over the site and they should look at the proposal as well. Kelly will reach out to DEP with the details.
- Kelly asks that the Board prepare an email to town administration if there are no other questions or concerns. The email should state they are aware of what is needed and are working towards getting everything in order.

Chris Rogers makes motion to close the meeting at 6:30pm, Chris Slade 2nd.
