# Where are these items going?

## ***Bicycles***

Bikes Not Bombs—[www.bikesnotbombs.org](http://www.bikesnotbombs.org)

Bikes Not Bombs promotes bicycle technology as a concrete alternative to war and environmental destruction. For 25 years, BNB has been a nexus of bike recycling and community empowerment both in lower income neighborhoods of Boston and in the nations of the Global South. BNB's programs involve young people and adults in mutually respectful leadership development and environmental stewardship, while recycling thousands of bicycles.

## ***Crayons***

Crazy Crayons—[www.crazycrayons.com](http://www.crazycrayons.com)

This recycling education, community service program has made it possible to stop more than 43,000 pounds of unwanted crayons from going into landfills with the help from school and organization educators and kids across this country. Thank you for your efforts to help the Earth.

## ***Athletic Shoes***

Nike—[www.nikereuseashoe.com](http://www.nikereuseashoe.com)

So you think you destroyed those shoes out on the track, the court or the field? See what happens when Nike takes your worn-out kicks a step further - shredding them into Nike Grind. Here's how it all works. If you thought your kicks had seen their last play, think again. At Nike Grind, they could become part of a basketball court, track, field or playground - and pre-consumer material could even get used in new shoes and apparel. No matter what, Nike Grind gives your old athletic shoes another chance at a winning season.
