

**Public Ways Safety Committee Minutes**  
**Bolton, Massachusetts**  
**January 10, 2024**

**Members present:** Mary Ciummo, Michael Keller, Sandy Carpenter, Kathleen Andrews, Chris Strut.

We voted on the previous meeting, 12/13, minutes and passed.

The committee went over the highlights of our past meeting with Chief Nelson.

We discussed the importance of having a PR campaign to get word to the public about the town-wide information on the 25 mph speed zones in highly settled areas with signs at the entrances on major ways into the town.

We thought that speed humps would be a deterrent for some speed zones in town.

The shared drive documents linking work done by committee should be addressed so input would be available.

We want to schedule our next meeting on January 24 and include Randy from Town Services.

We read, voted, and passed the Annual Review report that Mary will submit to town.

Minutes submitted by Mike Keller.
