No permit shall be required by a home owner or farmer for the transfer of loam, sand, or gravel from one part of his own lot to another part thereof for the improvement of his own lot. Nor shall any permit be required for removal of loam, sand or gravel in connection with the improvement or construction of any road over a lot provided such loam, sand or gravel so removed is used on said lot to improve the same and is not contrary to the regulations of this Bylaw as adopted. No permit shall be required by quarries operating at the time this Bylaw is adopted so long as the sale of soil, loam and gravel is not involved.
- 1.10.2.3 A permit shall be issued without hearing by the Board of Selectmen for the removal of sand or gravel from any lot within the Town wherein the removal operation can be proven by the owner to said Board to have been in continuous operation since October 10, 1956.
- 1.10.2.4 All permits in force as of the effective date of this Bylaw, are subject to said Bylaw and the holders thereof are required to submit applications for permits in accordance with the terms of this Bylaw for hearings to be held at least one (1) week prior to the anniversary date of the presently issued permit. Permits will be granted as recited in this Bylaw for a period not to exceed three years and all procedures shall be followed as set forth in this Bylaw concerning hearings prior to the issuance of permits.
- 1.10.3 In issuing a permit under this Bylaw, the Board of Selectmen may impose such conditions not specifically provided therein as it may deem necessary for the adequate protection of the neighborhood and the Town. Any conditions imposed by the Board shall be attached to and made a part of the permit. The Board may, in its discretion, require a bond, certified check, or other security for compliance with such conditions or as evidence of good faith as to the completion of any proposed construction. The Board may, after a Public Hearing on proof of violation of any condition, revoke any permits so issued. No permit shall be issued under the provisions of this Bylaw for a period of more than three years.
- 1.10.4 Sand and gravel may be removed from any parcel of land except within 300 feet of a street or way, and the Board shall issue a permit therefore provided, however, that the Board shall impose such reasonable conditions as to the

disposition of topsoil and the re-establishment of ground levels and grades as it may deem necessary.

- 1.10.5 Soil or loam may be removed and sold from any parcel of land within such parcel determined by the Board to be unsuited to agricultural use, and the Board may issue a permit for such removal, provided, however; that the Board shall in making such decision, obtain the recommendations of the appropriate Soil District Supervisor and the County Extension Director or Agent or their successors, and their recommendations shall be made a part of the records of the Board. In issuing a permit, the Board may impose reasonable conditions as to the re-establishment of ground levels and grades.
- 1.10.6 Notwithstanding the provisions of the above, the Board may issue a permit for the removal of soil or loam from any parcel of land in the Town where such removal is necessarily incidental to and in connection with the construction of a road or other facility involving a permanent change in the use of the land. The Board shall issue no such permit unless it is reasonably satisfied that the construction will be completed and evidence thereof shall be made part of the records of the Board.
- 1.10.7 Sand or gravel may be removed from any parcel of land within such parcel lying within 300 feet of any street or way, provided a permit therefore has been issued by the Board after satisfactory evidence that such removal will not be seriously detrimental or injurious to the neighborhood provided further that the Board shall impose reasonable conditions as to the method of removal, the re-establishment of ground levels and grades and the planting of the area to suitable cover, as it may deem necessary.
- 1.10.8 The penalty for violation of the provisions within this division (or article) shall be as follows. For each offense: Fifty Dollars (\$50.00); and each day that each violation continues shall constitute a separate offense.

The Board of Health shall issue and improve regulations which shall govern filing procedures and other matters related to carrying out the requirements of this Bylaw.

The Board of Health shall, within 21 days of receipt of all required information, determine at a public meeting whether the proposed alteration will have a significant effect on the groundwater quality, groundwater recharge or groundwater elevation. Process wastes shall be disposed of in a separate location from wastes generated from personal hygiene and food for residents, patrons, and employees or from building and parking area drainage.
- c) All chemicals, fuel, fertilizers, pesticides or other potentially contaminating substances shall be stored and handled in such a way that will prevent the release of leachate to (surface or) groundwater. Storage and handling measures shall include protection from vandalism, accidental damage or corrosion.

- e) All runoff from artificial impervious surfaces shall be recharged where possible on the site, diverted toward areas covered with vegetation for surface infiltration. Dry wells shall be used only where the above methods are infeasible, and shall be preceded by grit chambers to facilitate removal of contaminated solids. No discharge directly into surface waters without

intervening mitigative measures, including trapped catch basins and oil absorbents, will be allowed.

- f) New commercial earth removal operations shall be limited to a minimum of 4 feet above maximum ground water and exposed land shall be returned to its natural vegetative state as of the date of implementation of the Bylaw when excavation is complete.
  - g) An erosion and sedimentation plan shall be provided to control the effects of construction to maximize on-site recharge.
- 1.11.3 The Board of Health, its agents, offices and employees may enter upon the land on which an alternative is proposed in response to a filing or application, and/or for the purposes of carrying out its duties under this Bylaw, and may make or cause to be made such examination or survey as it deems necessary.
- 1.11.4 This Bylaw shall not apply to emergency projects necessary for the protection of the health and safety of the residents of Bolton and ordered or performed by an administrative agency of the town, state or federal government.
- 1.11.5 Appeal from this Bylaw shall be to the Superior Court within 15 days of the issuance of a decision by the Board of Health.

    - 1) Cause or significantly contribute to an increase in mortality or an increase in serious, irreversible, or incapacitating illness; or

- 1.13.1 All houses, businesses and structures shall properly display at the front thereof, in a position easily observed from the street on a year round basis, the proper number of the building assigned by the Town. Assignment of numbers shall be obtained from the Building Inspector at the time the building permits are approved. Owners of houses, businesses and structures without numbers at the time of passage of this bylaw shall obtain the proper number from the Building Inspector as soon as possible.
- 1.13.2 In cases where a house, business or structure is not visible from the street, or the distance is too great for a reasonable size number to be easily seen from the street, a sign, no larger than twelve (12) inches by twelve (12) inches with numbers not less than three (3) inches in height and one and one quarter (1.25) inches in width, shall be posted at the street end of the driveway, and on the same side of the street, in such a way as to be seen by emergency vehicles approaching from either direction. Signs must be kept clear of brush and other obstacles that would limit visibility of said sign by emergency vehicles.
