

**Bolton Historical Commission
Special Minutes of Meeting
May 19, 2021**

Attendees:

Co-Chairmen: Martha Remington, Robert Busch

Members Present: Jeannemarie Padovano, and Bob Tattersall

Absent: Alice Coggeshall

Zoom meeting was called to order at 6:01 pm.

1. Special meeting was called to review demo permits for 3 outbuildings at 82 Old Bay Road. The poultry house, the large barn and the garage are in various stages of decay and collapse. The house itself is unoccupied although it has been noted that the owner retrieves mail there regularly. It was suggested that a request be made to Chris Rogers that any artifacts found during demolition be passed onto the Historical Commission for preservation. B.Busch will contact Chris Rogers regarding this.
2. A vote was taken on each of the three outbuildings.
 - a. XP-21-2 - the garage - was voted not historically significant.
 - b. XP-21-4 - the poultry house - was voted not historically significant.
 - c. XP-21-5 - the large barn - was voted not historically significant.
3. M. Remington will contact A. Coggeshall to look up any notable information on the property at 82 Old Bay Road for our files.
4. 2021 Budget - discussion around where to spend the remaining budget monies:
 - a. 2 plaques, 1 for the West Cemetery on Green Rd and 1 for the Old South Cemetery on South Bolton Rd. Plaques would give some background historical information about the cemeteries. M. Remington will prepare a mock up of each for the next meeting in June. She will also get quotes from Erie for the plaques and from Hemenway for the installation.
 - b. Other options were discussed for additional granite plaques including William Sawyer Garrison and Pond Park.

Meeting adjourned at 6:46pm

Next meeting - June 2, 2021

Respectfully submitted, Jeannemarie Padovano
