

Public Ways Safety Committee Minutes
Bolton, Massachusetts
February 8, 2023

Members present: Mary Ciummo, Michael Keller, Shandy Carpenter, and Steve McKeown.

The meeting was held online via Zoom and called to order at 7:04p.m. The January 25, 2023, meeting minutes were reviewed and approved.

Long Hill Road Speed Enforcement Issue: The Committee acknowledged Chief Nelson's communication sent via email on February 2nd regarding the ongoing issues on Long Hill Road. While Bolton PD will continue to enforce speed limits on the road, Chief Nelson suggested traffic calming measures. PWSC will communicate with Berlin DPW about the process they used to install traffic calming measures along Gates Pond Rd.

368 S. Bolton Road Driveway sight line issue: The Committee revisited the sign request email regarding sight lines and discussed the actual type of signage that was requested. The committee will reach out for more information on the request. At first glance it does not seem like stop signage would be a viable option for this specific location.

Agenda for Town Planner: The committee spent the second half of the meeting discussing agenda topics for a meeting with the Town Planner. Those items include;

- Complete Streets and prioritization plan.
- List of PWSC activities and review opportunities for PWSC to support the Planning Board.

The meeting adjourned at 7:30 p.m. Minutes submitted Steve McKeown.
