Follow-up to Traffic concerns on Woobly Road and Horse signs request There has not been further communication from the citizen that has made the Woobly Road traffic complaint.

Mary passed on the committee's horse sign recommendations to Randy Helgin taking into account MUTCD's guidance on signage. It was also suggested that the interested party could pursue a Shared Spaces Grant to help improve the trails so that horse owners would not be required to move onto roadways because of safety issues on the trails.

Grant discussion led to discussion of recent ongoing sidewalk projects in the town of Stow. Steve has agreed to looking into how those projects are being funded.

Master Plan update – Steering committee will be presenting to the community at a future date.

FY 22 budget There are no proposed changes to the budget. Committee will forward the list of roads that require line painting and will look into the line painting schedule.

Summer meeting schedule – Committee has decided to meet once a month during the summer months continuing with zoom meetings.
