

Public Ways Safety Committee

Bolton, MA 01740

September 11, 2019

Mary Ciummo called the meeting together at 7:00pm on the 2nd floor of the Bolton Town Hall. Also attending were Mike Keller and Leslie Breeze. Holly Lauer was absent.

Minutes from the June 14th meeting were reviewed and approved.

We discussed a request for a Hidden Driveway sign to be added near an existing private driveway on Rte. 85. After reviewing the state information in the MUTCD book, we voted against the installation of the sign.

On Tuesday, September 24th at 10:00 am we will be meeting with Don Lowe, Town Administrator at the Bolton Town Hall. We identified the following items for discussion:

1. Will the town implement reduced speeds(25mph) in the town center after completion of the construction surrounding Main Street and Wattaquodock Hill Road?
2. What is the status of the truck exclusion for Wattaquodock Hill Road?
3. Will the town be able to fund one of us attending the Moving Together Conference in Boston in October?
4. We are hopeful that the Safe Routes to Schools program could be possible in town.
5. Any new items for funding on the horizon?
6. Can we help you with any items related to safety on the public ways in town?

We were informed that the pole and machine recording the westbound speed data on Main Street was hit by a car and has been removed. Also, the eastbound crosswalk pole on Main Street and Mechanic Street was also hit by a car and has been removed.

Leslie will reach out to Public Works department for a sign inventory update.

The meeting was ended at 8:20pm. Minutes prepared by Leslie Breeze.

M. Ciummo
