

Please join a webinar to learn about
and discuss the
**APPLE COUNTRY NATURAL
CLIMATE SOLUTIONS**
report in Bolton, Devens, and Harvard.

Thursday, May 20th at 5:00 pm

<https://us02web.zoom.us/j/81042958395>

The **Apple Country Natural Climate Solutions Project** is a State-funded effort for the three municipalities to understand and implement natural solutions to reducing greenhouse gas emissions and increasing resilience to climate change. The upcoming report points to things that you can do and ways that you can support these community actions.

Visit the project website for more information: <https://climateresilient.wixsite.com/applecountry>
